### Second Grade Summer Reading List and Math Assignment

When you think of summer vacation, you probably think of swimming, burgers on the grill, and family trips. Please don't forget about reading! Through books, children can have all sorts of adventures right in their own home.

We would like for the children who will be entering second grade to practice their skills with a variety of children's authors. They need the experience of reading out loud and having you read to them. Additionally, students entering 2<sup>nd</sup> grade should complete the Summer Solutions Math Books (provided by the school).
