### Kindergarten Summer Reading List

When you think of summer vacation, you probably think of swimming, burgers on the grill, and family trips. Please don't forget about reading! Through books, children can have all sorts of adventures right in their own home.

There is no required reading for children who will be entering Kindergarten. However, we would like for students to be familiar with a variety of children's authors. They need the experience of reading out loud and having you read to them. Additionally, students entering Kindergarten should complete the Summer Solutions Math and Language Art Books.
